

BUG HOTEL

Gardens need insects to keep healthy, and building a Bug Hotel is a great way to provide a secure fun place for bugs to live.

MATERIALS

A collection of different shaped objects for example:

- ♻️ Cardboard rolls
- ♻️ Old bricks
- ♻️ Wood
- ♻️ Bark
- ♻️ Old pot plant containers

Wood or bricks to make the structure, I have used an old wooden crate.

INSTRUCTIONS

1. Make your structure first, then build it up with your different objects.
2. See how long it takes for the first guests to arrive!

Adult supervision may be required to help with this project, depending on the child's age.

OPEN 7 DAYS 8.30AM - 5.00PM | NICHOLSGROUP.CO.NZ
