### **Welcome to Nichols Rose Catalogue for 2022**

We have some lovely new varieties to tempt you and the return of hundreds of tried-and-true favourites. We pride ourselves on our selection of roses and every care is taken with spraying and feeding to keep them looking great.

Standard Roses are in short supply this season - there is plenty of the popular varieties available. Apologies that we will not be able to source additional standard rose varieties from attached list.

We require pre-payment for all pre-orders this year. There are shortages as mentioned so this will secure stock on a first come first served basis. We will of course endeavour to do our best to fill orders and you will be notified as early as possible if there is a shortfall. Substitutes or full refunds will be offered if any rose pre-paid becomes unavailable due to factors beyond our control.

**Thank you from the Nichols Team**
